## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Our vision is to create and nurture a community of passionate, lifelong learners, with a strong sense of citizenship.

The Carrillo Family believes all teaching and learning begins with strong connections and authentic relationships within our community. Since each child learns in a different way and at a different rate, we are dedicated to celebrating every individual's successful journey to a lifelong love of learning. Our mission is to provide every student with the tools and skills to become an independent learner, capable of success in middle school, high school, and college or career training through high expectations, exemplary teaching practices, and a multitiered system of support for all students.

To accomplish our mission, we are committed to the 6 C's of Carrillo: Critical Thinking, Communication, Collaboration, Creativity, Character, and Citizenship.

Critical Thinking- All students must be challenged through high expectations and rigorous academic standards. Every Carrillo student is expected to:

- Meet grade-level proficiency in the essential standards in literacy and mathematics
- Solve complex problems
- Ask meaningful questions
- Understand mistakes help us learn and are an important part of the learning process

Communication-

- Particular emphasis on listening, speaking, writing, reading in all content areas
- Students are encouraged to use open communication and restorative language to find solutions to problems

Collaboration-

- Students work in structured collaborative groups to make meaning and analyze complex problems
- Teacher collaboration in data-based professional learning communities
- Family Engagement

Creativity-

- Whole child approach

## 2022-23 School Overview

- Children are encouraged to pursue passions and curiosities about the world
- Parent-run Arts Attack program
- Full-time music teacher, librarian, and PE teacher

### Character-

- A universal character education program that is designed to help students succeed in the 21st-century workplace, understand the importance of kindness, and to be productive citizens

### Citizenship-

- Positive and safe school through empathy and compassion
- Restorative practices
- Student leadership opportunities through Student Council, Carrillo Ambassadors, and Big Buddy program.
- Blue Crew Student Leadership Launch
- Diversity and Equity
- Social Intelligence
- Ability Awareness
- All staff members believe that every student is their student. We lead by example and follow the Carrillo Way: "Do the right thing, because it's the right thing to do, even when no one is looking."
-

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

### Reading Writing Listening and Speaking

Students receive a standards-based curriculum designed to “help build creativity and innovation, critical thinking and problem solving, collaboration, and communication fulfilling California’s vision that all students graduate from our public school system as lifelong learners and have the skills and knowledge necessary to be ready to assume their position in our global economy.” (ELA CCSS)

Students use a variety of instructional materials in ELA to meet these instructional goals.

### English Language Development (ELD)

English Learner students engage in daily ELD lessons that provide challenging English language development skills in alignment to gain English language proficiency. (ELD CCSS)

### ELA/ELD Supplemental Instructional Materials

## School Facility Conditions and Planned Improvements

### School Facility Conditions and Planned Improvements

Carrillo Elementary School opened its beautiful, well-supplied, state-of-the-art facility on August 6, 1999. Our school includes six building sections, of which three are portables. We have 44 classrooms, a multipurpose room, a library, a computer lab, a STEM Lab, on-campus buildings (for before and after school daycare), and an administration building. Each classroom is equipped with numerous resources for student use. Each classroom also includes a document camera, projector, and teacher laptop. We added a large screen & LCD projector in our multipurpose room to facilitate professional development and parent workshops. We also have site licenses for iReady MyPath, Reflex Math, Kodable, BrainPOP Jr., and numerous other apps and computer programs used by students daily. Our office, computer lab, library, and multipurpose room effectively support our programs.

We are excited that the District installed new play structures for our kindergarten and 1st-5th grade play areas during the 2020-2021 school year.

### Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office and at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	76	N/A	60	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	71	N/A	46	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are a vital component of our educational program. Parent members serve on our School Site Council, which approves our annual School Plan for Student Achievement and our School Safety Plan. We have a growing number of parents who attend our English Learner Advisory Council meetings as well. Large numbers of parents provide regular in-class and out-of-class assistance. Our Parent Teacher Organization (PTO) is tireless in supporting the academic and social needs of our school community and is our major funding source which allows us to offer Reading Intervention, Math Intervention, STEM, and Drama. Their collaboration with our site has provided invaluable resources such as increased technology in all classrooms, art programs, and Running Club. One of the major reasons for our school's continued success is the extensive network of dedicated parent volunteers.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## Professional Development

San Marcos Unified School District (SMUSD) is committed to the belief that the strongest predictor of student achievement is the quality of the teacher inside the classroom. In support of this belief, SMUSD is deeply committed to teacher learning and professional development as evidenced by our district mission statement.

San Marcos Unified School District's Mission Statement includes these commitments:

- "hiring and retaining only the best educators and investing in their success."
- "providing quality education based on high standards, effective practices, continuous improvement, and innovation."

Every new teacher in our district engages in a rigorous 2 year training program where the new employee receives 30 hours of professional development on our research-based instructional framework, the Essential Elements of Instruction (EEI). These instructional strategies apply to any curricular area and any grade level. New administrators to the District receive professional learning in this instructional framework as well as the National Institute of School Leadership (NISL).

Our elementary level focused professional learning on Orton Gillingham, Ready Mathematics, Professional Learning Communities, Gifted and Talented Education (GATE) Certification, and Synergy. Professional learning was grounded in meeting the academic and social emotional needs of students post pandemic. Ongoing training and PLC cycles supported learning recovery interventions in the classrooms and extended learning groups. A refocus on ongoing formative assessments and data driven discussions allowed for teachers to provide students with prescriptive academic and social emotional interventions and enrichment opportunities. Teachers who work with students with special needs engaged in ongoing collaboration to implement more inclusive delivery models.

This table displays the number of school days dedicated to staff development and continuous improvement.
